The purpose of the DYSC In-House Program is to promote and develop the game of soccer in the Danbury area, as described in this In-House Guideline. We will provide our young people the opportunity to learn, develop and refine their soccer skills and have fun while doing so.

Because we are dealing with a child's self-confidence, self-esteem, and development as a player, it is important to never be critical, harsh or discouraging of the child's performance during a game or on a practice field. Winning is not a priority in the In-House program, our focus is safety, equal participation and fun.

What you need to play In-House Soccer

- Shin guards (mandatory)
- soccer cleats (recommended, but optional)
- water bottle

Fall registered players will receive a uniform including a team shirt, shorts, and socks. Pictures and trophies are done during the Spring season.

U7 Division

Play games on Saturdays only at Union Carbide -- 45 minutes of clinic followed by 45 minutes of short sided games. Choose:

- 8AM (co-ed)
- 10AM (co-ed)
- 12PM (girls only)
